

Technical Data Sheet

Shieldex® Tuell

No.: 1101201111 (width 110cm) & 1100601151 (width 145cm)

Purpose Conductive knitted fabric for general use
Antibacterial, Antiodor, Fungicidal
Excellent thermal conductivity
Shielding against EMI

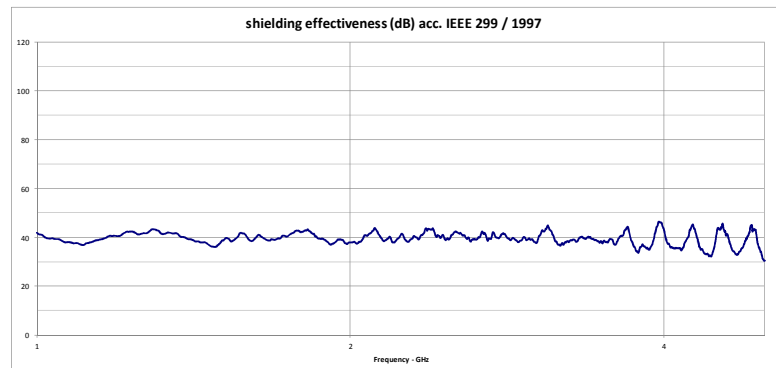

Description Silver plated knitted nylon fabric

Plating 99% pure Silver
Surface Resistivity 0.8 -1.2 Ohms/□
Shielding effectivity Average 35 db from 300 Mhz to 1 Ghz
Temperature Range -30°C to 90°C
Total Thickness 0.22mm
Weight 30-35g/m²

Roll Width 100-145cm
Roll Length Average 100m

Compliance and Certification

RoHS
REACH
Öko-Tex®

Alterations Reserved
23.04.13/04
